👤 19 years old

Networking and Telecommunications student

Currently pursuing a degree in networking and telecommunications at the University Institute of Technology of Clermont-Ferrand, France. Distinguishable by my seriousness, my curiosity, and my attention to details all of which is very useful in the cybersecurity sector. Quickly developed an interest in cybersecurity at a young age, thus wishing to continue studying at an engineering school to further deepen my knowledge in this field. **Self-driven, serious, reactive and invested.**

☰ Skills

Technical :

> IT :

- System administration : Windows et Linux
- Management of a virtualization infrastructure (Hyper-V, VMware vSphere)

> Networking :

- Creation and maintenance of a network
